

Engineering Education on a Budget: Why WCTM is the Most Affordable College in Gurgaon?

Private university tuition fees in India are witnessing an exponential upsurge, casting a long shadow of inaccessibility and over-engineering education. For students hailing from middle-income households, possessing an unwavering zeal for the technical domain, the financial barriers can prove to be impossible, fostering a conundrum of epic proportions.

Yet, amidst this labyrinth of escalating expenses, the (World College Of Technology & Management) WCTM emerges as a beacon of hope and opportunity. Established in 2005, WCTM Gurgaon has quietly etched its name as a forefront among the [most affordable engineering colleges in Gurgaon](#). This blog post discusses why WCTM Gurgaon is the best option for low-cost engineering education in Gurgaon

About WCTM College

The AICTE has approved the WCTM College of Engineering as a private college. The college, which is spread across 5 acres, contains well-equipped laboratories, workshops, classrooms, and separate housing facilities for boys and females. With an annual intake of 60 students in each department, WCTM provides four-year undergraduate degrees in computer science, electronics, and communication, mechanical and civil engineering. With an average class size of only 30 students, educators can provide personalized attention to each student. In addition, the college maintains an active training and placement unit that organizes internships, workshops, and campus recruitments by top employers. It is also ranked among the most affordable engineering colleges in Gurgaon.

Low Fee Structure at WCTM

WCTM Gurgaon takes pride in having one of the most reasonable price structures in Gurgaon for a private engineering college. To encourage academic performance, the college also offers many merit-based scholarships and cost waivers. Based on the results of qualifying tests, these scholarships can cover anywhere from 25% to 100% of tuition. Concessions are also provided for female students and candidates from economically disadvantaged backgrounds.

Courses	Fee
