Real Estate Purchase And Sale

Purchasing a property is one of the most important decisions we make. It can be a stressful yet exciting process. Whether, you are purchasing your first family home, an investment property, recreational home, or upgrading to your dream home; We at Sekhon Notary Public provide customised tailored legal services to our clients.

We ensure, the process is smooth, and stress free from the time you sign your contract of purchase and sale, till the completion date.

We at Sekhon Notary Public strive to keep up to date on Real estate market trends, Real estate law, and requirements for major Credit unions, banks, private lenders to ensure there are no surprises during your real estate transaction.

We want this to be a stress-free process for you; to begin we will get the necessary information such as your realtors and mortgage broker's contact information and copy of your contract. We will directly communicate with your team, so you do not have to convey information between the parties.

Family Transfer

You may be wanting to remove a family member or a friend off the title and purchase their interest. We can help you through the process and draft the contract as per your agreed upon terms and conditions.
